The **Easter Memorial Card Project** began during the early part of the Pandemic as a way to reach out to members of our congregation who were feeling isolated and alone. Handmade cards with beautiful photographs were mailed out to our more isolated, or grieving, church members, and included a comforting message. In addition, a Memorial List was created for those who wished to remember, honour, or acknowledge someone special in their lives, and this list was emailed out to the entire congregation. A donation could be made in honour, or in memory, of the loved one.
