An opportunity to meet with Rev. Steve Moore on Tuesday, November 12th at 1pm - Parlour

Rev. Steve Moore (he likes to be called Steve) would like to meet with as many UCW members as possible so he can hear about how we see the future of Rideau Park. Steve believes our very active UCW is an important part of Rideau Park and he wants to hear our voices.

Rev. Steve Moore has experience in Intentional Interim Ministry and is guiding Rideau Park through our process of discernment as we clarify who we are as a church, our priorities, and where we want to go in future years. He is working closely with our Transition Team - his primary responsibility is to work with the congregation on our vision for the future helping Rideau Park discern its ministry needs for the future and the direction the church hopes to take.
